

Comments to FCC

K-Love means a tremendous amount to our family. There are 24 members of my extended family and we all listen to K-Love. It serves to encourage and teach us and offers a wonderful alternative to the other radio stations available.

I believe if K-Love were removed, my community would suffer by removing a wholesome radio station from the airwaves. Many teens listen to K-Love instead of a station that plays music filled with violence and profanity.

Keeping K-Love on the air is in the best interests of my community. We used to have a local Christian station on the FM band, but now our only alternative for modern, uplifting, Christian music is K-Love. Please do not take that away.
